

Pat Sanders

Biography

Pat Sanders is the founder and past-President of HYPACK, Inc., now and a Xylem brand company. He has an MSE in Civil Engineering (U of South Florida) and an MSIA in Industrial Administration (Carnegie-Mellon). Before founding HYPACK, he was a hydrographer with the US Naval Oceanographic Office. He founded HYPACK in 1981 and led the company until its sale in 2015. He has served two separate terms as the President of the Hydrographic Society of America. He now serves as Technical Director of HYPACK YSI.
